SCHOLARLY IDENTITY AND RESEARCH INTERESTS

Applied researcher and practitioner educator working across live event production, audio-video technology, and workforce development. I contribute to the development and revision of the national CTS certification exam as an AVIXA Subject Matter Expert and have run crews at major venues from Target Center to RiverCentre. My forthcoming book from Routledge, Backstage Essentials: Skills for Stagehand Technicians in Live Event Production, is scheduled for publication in March 2027.

RELEVANT INDUSTRY EXPERIENCE

District AV Technology Coordinator
ISD 197, Mendota Heights, MN, August 2021 to Present
District wide technology leadership. Lead the Tech Warriors student technology crew, named a Career and College Readiness implementation target in the 2025 to 2026 District Strategic Implementation Plan. Designed and launched the Live Event Production Workshop at Two Rivers High School as a credit bearing arts elective. Manage CareHawk paging, intercom, and emergency alerting across district buildings. Member of the district Safety Committee and the CTE Advisory Board.

AV Technology Coordinator
ISD 197, Mendota Heights, MN, February 2018 to August 2021

Served as technical point of contact for the Two Rivers High School auditorium renovation, covering a $124,000 stage lighting and networked control replacement and a $67,000 sound system modernization. Solicited competing vendor bids, scoped system design, and installed the 80 fixture LED package. Designed and implemented the high school paging, bell, and intercom systems. Built live streaming for athletics, stage productions, and board meetings. Trained staff on Extron, Symetrix, ETC, and Q-SYS platforms, and on classroom technology for curriculum delivery.

Subject Matter Expert, CTS Certification Exam
AVIXA, 2020 to Present
Contribute to the development and revision of the national CTS exam using job task analysis methodology.

Adjunct Faculty, Audio Video Production
Laurus College, Online, June 2026 to Present
Instructor of record for AUD 260, AUD 280, AUD 320, and VID 130. AUD 260 began as a mentored term in Summer 2026. Subject matter expert for AUD 320 AV Installation, building the course from an existing shell.

Owner
Backstage Essentials LLC, Cottage Grove, MN, March 2026 to Present
Training business developing educational resources and instruction for live event and AV technicians.

Light Board Operator and Electrician
IATSE Local 490, June 2015 to Present
Freelance. ETC Ion and Element consoles, Hog 4, GrandMA 2, DMX and wireless lighting networking across Twin Cities venues.

Central Lutheran Church, Minneapolis, MN, September 2019 to Present
On call audio visual support for services and events.

AV Technician
House of Prayer Lutheran Church, Richfield, MN, May 2021 to December 2021
Live sound and streaming for worship services.

Lighting Designer and Show Technician
AVVR Inc, Bloomington, MN, November 2016 to February 2018
Oversaw daily operations of the lighting department. Directed crews including local union members at RiverCentre, Target Center, and the Minneapolis Convention Center. Wrote equipment usage, maintenance, and repair procedures. Connected 3 phase generators for live events. Trained staff on lighting equipment.

Director of Event Technology
PSAV, Marriott Southwest, Minneapolis, MN, June 2014 to April 2016
Directed audiovisual operations for hotel event services. Earlier roles with PSAV included Lead Technician at Hyatt Regency and Marriott City Center, leading a team of up to 10 technicians, and Audio-Visual Technician at Hyatt Regency. Specified and implemented equipment, trained technical staff, managed vendor relationships, and rebuilt inventory processes.

Owner and Producer
Larsen Films, Cottage Grove, MN, 2003 to 2015
Video production company serving corporate, nonprofit, and wedding clients. Clients included Lawson Software (HR training video series), Staples Advantage, AT&T and Samsung, Chevrolet, Graco Inc., George Street Photo and Video, Realm Promotions, and the Battered Women's Legal Advocacy Project. Produced the independent documentary SuperFortress to Space Shuttle. Shot and edited every project personally in Adobe Premiere and DaVinci Resolve, including multi camera capture, audio, color, and post. Ran client relationships, scheduling, equipment, and delivery.

Educational Coordinator
American Red Cross Tissue Services, Eagan, MN, August 2002 to January 2005

Audio Visual Technician
Marshfield Clinic Health System, Marshfield, WI, January 1990 to July 1992
Set up and operated AV systems for medical conferences and staff education. Filmed and edited video for internal and external communication. Trained staff on AV systems.
